

think bar

We have been busy making sure our working space is safe and healthy for our employees and members. Over the past few months we have been putting a new operating plan into place as we get ready to open our doors and begin welcoming people in. We have taken into account the recommendations of the CDC, our local and national government as well as working with our team to come up with a plan to ensure the safety of everyone who walks through our doors.

To ease any COVID-19 concerns you may have, we would like to share the safety and cleaning protocols that ThinkBar will be implementing.

Cleaning Protocol

- All available work stations will be 6 feet apart
- The space will be cleaned regularly throughout the day as well as a deep cleaning at closing.
- The space will be professionally cleaned weekly.
- Touchless hand sanitizing stations are available throughout the space
- Sanitation stations will be provided as we encourage guests to wipe down their area before and after use.

Safety Guidelines

- Please wear a mask upon entry and as you walk around the space. Feel free to remove once seated at your workstation.
- If you have felt under the weather in the last 14 days we kindly ask that you cowork with us at a different date.

Keeping our guests healthy and safe is our top priority. Please feel free to contact us with any concerns or questions regarding ThinkBar's safety measures.
